

# mega tub slushy maker INSTRUCTIONS

- CAUTION: Always check for leaks before freezing, avoid puncturing. The refrigerant liquid is non-toxic, however in the event a leak or puncture occurs, cease use and discard.
- Do not overfill.
- Only use drinks that are chilled. Hot drinks will not give you a slushy result (Ingredients higher than 60°C / 140°F could damage your product)
- Dairy products take longer to slush than juices or sodas. To achieve a better result with dairy, pour your ingredients into the cup and let it sit for 3 - 4 minutes in the freezer before you begin squeezing.

HOW TO MAKE THE BEST SLUSHIES!

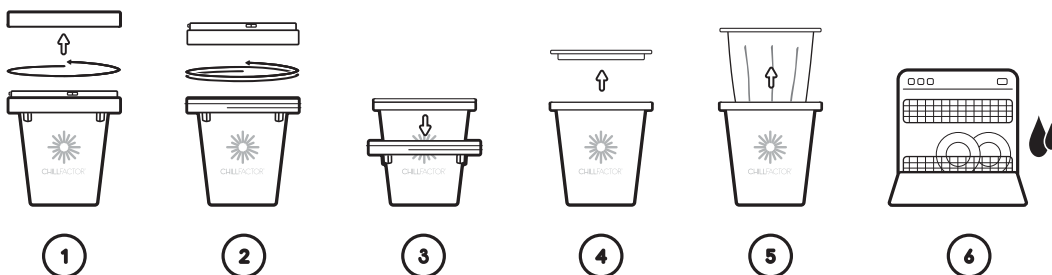

- 1 Remove the CHILLFACTOR™ MEGA TUB from its packaging and follow the cleaning instructions. (Before first use, discard the insert card between the cup and the cooling pack.) Then place upright in the freezer.
- 2 After 4 - 6 hours at -10°C / 14°F ensure the walls of the CHILLFACTOR™ MEGA TUB are frozen. If not, then try overnight. (You may need to lower the temperature of your freezer)
- 3 Pour in your favorite chilled drink to the point where the cooling pack meets the washer. (Approx 330-350ml)
- 4 Once you have poured your drink, put the lid back on and start squeezing the cup, in minutes you will have a delicious slushy treat!
- 5 When you are happy with the consistency of your slushy, stop squeezing, remove the lid, insert your spoon straw and enjoy!

HOW TO CLEAN YOUR MEGA TUB!

- 1 Twist and lift the lid.
- 2 Unscrew and lift the top collar.
- 3 Remove the bottom collar.
- 4 Remove the washer.
- 5 Remove the cooling pack.
- 6 The lid, top collar, bottom collar and washer are top-rack dishwasher safe. The cup and the cooling pack are hand washable only.

## CARE INSTRUCTIONS

- Don't pierce the cup or its cooling pack with any sharp object. Only use the plastic spoon straw to consume your slushy.
- For optimum performance and longevity, after using we recommend always storing the cooling pack of the Chill Factor product in the freezer unit of your refrigerator.
- Be sure to wash the CHILLFACTOR™ MEGA TUB before every use.
- The lid, top collar, bottom collar and washer are top-rack dishwasher safe.
- The cup and the cooling pack are hand washable only.
- This product is only suitable for exposure to temperatures in the range of -25°C to +60°C
- CAUTION! ONLY USE COLD OR WARM WATER TO CLEAN THE COOLING PACK.
